

Tune in to adventure-filled show

Out Of The Box

From the cool confines of a studio and aspects of a controlled production, this reality show travels out into rather harsh realities of a rural side.

With sun beating down, muddy tracks to traverse and set in a backdrop that drops out the usual glitzy studio based paraphernalia of a game show, 'Thrill' on Zee Telugu offers an altogether different experience.

Anchored by Prabhakar, who to his credit has several concepts that turned out to be popular, 'Thrill' is presented as a complete adventure and excitement filled reality show.

Joining it as participants are ten popular personalities from the Telugu television industry who go all out to provide a lot of fun and thrill for the viewers.
